

SMART

TOYS AND GAMES

SPRING - SUMMER

2024

Dear Smart Partner,

Welcome to Smart Toys and Games, where fun meets learning!
Our catalog is full of exciting new toys and games that entertain and stimulate our minds.

At Smart we believe in game-based learning. By playing with our toys and games everyone can unlock their potential while having a good time. Passion fuels us, and our talented team continuously works to create innovative and enriching play experiences.

Each product in this catalog reflects our commitment to quality, fun, and education.

Specializing in logic puzzle games that ignite imagination and strengthen cognitive abilities, SmartGames offers an educational and engaging experience for all ages. Explore our well balanced selection of construction toys with SmartMax® and GeoSmart®, where creativity blends seamlessly with education, stimulating fine motor skills, spatial awareness and motor skills. Additionally, our other brands such as Happy Cube®, The Happy Puzzle Company®, Yatzy® and Mimiq® contribute to the stable growth of our company.

A big thank you to all our partners, especially those who distribute or work with our product lines. Your support helps us bring these great toys and games to people all around the world.

Explore the world of Smart, take a look at our catalog, and let the adventures begin!

On behalf of the Smart Team,

Rolf Vandoren,
CEO Smart Toys and Games

Authentic

We are driven by our love for 'smart' games. We hope our customers have as much fun playing our games as we have in creating them.

Challenging

SmartGames players engage critical thinking, logic, problem-solving and a host of other skills as they solve SmartGames challenges. We are proud to create challenging games for all ages.

Smart

Fun skill-building is our passion. We carefully develop each challenge in all of our games, closely collaborating with experts. We believe in the power of challenging your mind through game play. We deliver high quality, original products that will last for years.

Playful

We provide engaging playing experiences for all ages, and through different themes and play patterns every game has its own story to tell.

We believe in the happiness and the self-confidence that learning through play can deliver.

Innovative

SmartGames is internationally renowned for our unique game concepts, our gradually increasing difficulty levels and the single player gaming experience. We create innovative compact and portable designs so our games can be enjoyed everywhere. We emphasize educational value in everything that we develop.

At SmartGames we believe in **GAME-BASED LEARNING**. By playing our games everyone can unlock their **POTENTIAL** while having a good time!

Challenges

All our games grow with the player's skillset: challenges become progressively more difficult. Challenges are divided into four or five difficulty levels: Starter, Junior, Expert, Master and Wizard. Depending on age and skill, players can start with easy challenges and work (play!) up to the most advanced levels.

Progressive Play

The recommended starting age for all our games is indicated on the package. From this age people can generally solve starter level challenges. The great thing about SmartGames: challenges progressively become more difficult, making almost all of our games suitable and fun for kids and adults alike.

Cognitive Skills

Solving SmartGames challenges calls on multiple skills, including spatial insight, planning, logical thinking, problem-solving, concentration, and visual perception. Each package indicates the skills emphasized in that game.

SMARTGAMES CATEGORIES

ONE PLAYER SMARTGAMES

PRESCHOOL PUZZLE GAMES

These puzzle games stimulate cognitive growth, and critical thinking from an early age. Designed to captivate the curious minds of toddlers.

P. 14

1 PLAYER PUZZLE GAMES

This category of puzzles is narrative driven and takes place in an imaginary setting, where players act as problem-solvers.

P. 20

1 PLAYER LOGIC GAMES

The goal of these multilevel logic puzzles is always to fit and fill puzzle objects into a grid. These games provide a range of challenges starting from simple concepts that gradually increase in complexity.

P. 37

BRAIN TEASERS

These puzzles are challenging brainteasers where the main goal is to fit all the puzzle pieces together.

P. 46

TWO PLAYER SMARTGAMES

GENIUS BATTLE GAMES

This category consists of abstract race puzzle games. The goal is to use speed to outsmart your opponent in completing multilevel challenges.

P. 51

MULTIPLAYER SMARTGAMES

FAMILY GAMES

Smart board games focus on imaginative problem-solving and decision-making. Luck plays a minimal role, and each game offers at least two difficulty levels.

P. 55

STRATEGY GAMES

Our strategic games demand planning, decision-making, and critical thinking. Players take turns, anticipate opponents, and strategize to defeat them.

PRESCHOOL PUZZLE GAMES

GNOME SWEET GNOME™

Play and learn!

ages 3 to 7
48 challenges

NEW
SPRING
2024

HOW TO PLAY

1

Choose a challenge.

2

Recreate the image shown on the challenge card, using one or more flowerpots and gnomes.

3

You have found the solution when the front view of your construction matches the image on the challenge card.

Place the gnomes where they belong!

3 gnomes have set up their home in your garden! Can you discover where they are hiding? Try to recreate the image in one of the 48 challenges. This wooden preschool matching game helps develop logic and deduction skills through stacking, counting, hiding, and just playing with the gnomes!

CONTENTS: 3 wooden gnomes, 3 wooden flowerpots, 1 challenge booklet with 48 challenges and solutions.

Catch the (IQ) Wave!

This IQ game is here to make waves! Choose one of the 120 challenges and fill the grid by placing the soft-touch puzzle pieces in the correct location and orientation. If a piece doesn't fit, rotating it 90° might help...or might not! IQ Waves comes in a compact format with lid to take and play wherever you go. This packing-puzzle game is suited for both kids and adults. Are you ready to ride your brain waves?

CONTENTS: 1 game board, 8 puzzle pieces, 1 booklet with 120 challenges and solutions.

FAMILY GAMES

FROGGIT™

Cross the pond but beware of the fish!

Guide your frogs across the pond!

Guide your frogs across the pond and block other players from doing the same. The first player to get their entire frog family to the other side wins the game. But watch out, the fish can scare your frogs back to the start!

Flexible thinking, clever planning and the chance to block your opponents make this a fun and exciting game for 2 to 6 players.

CONTENTS: game board, 1 fish, 6 frog families in different colors, game rules.

ITEM SGM 501 US
I/M 0/6
UPC 847563001545

HOW TO PLAY

JUNIOR LEVEL 6+

Place the frog families on the side of the pond.

Move the frogs across the pond by jumping over a path of lily pads. But watch out... the fish can scare frogs back to the start!

The first player to get their entire frog family across the pond wins the game!

EXPERT LEVEL 8+

Jump to the next level by combining your frogs:

- Form teams so no one can stop you.
- Trap small frogs to block your opponent.

SMARTGAMES

PENGUINS HUDDLE UP™

Don't get ice-olated!

Penguins are scattered across the ice and it's starting to get cold! Move your penguins together into a huddle... while blocking your opponents from doing the same. The first player to bring their entire penguin family together wins the game.

CONTENTS: Contents: game board with 4 penguin families, 6 ice blocks, game rules with 2 different difficulty-levels.

CREAGAMI

Origami 3D

Creagami is a kit for creating modular origami. This centenarian Japanese art, which consists in folding sheets of paper in order to create colorful sculptures, stimulates the development of creativity and is often used to relax. The repetitive folding of individual cards is a good training for the development of concentration and fine motor skills. The numerous sculptures that can be built, colored and creative, are perfect decorative elements for the house. The kit includes sheets of various colors, each with 24 pre-cut cards and with fold guides, with which you can make the necessary modules to create your 3D sculpture.

SMARTMAX[®]

m a g n e t i c d i s c o v e r y

SmartMax creates safe magnetic discovery toys for toddlers and pre-schoolers. We enable kids as young as 1 to enjoy worry-free, fun, educational playtime, learning about early STEM concepts and magnetism and developing motor skills. Constructed with durable, sturdy materials, SmartMax sets will last for years. From soft and playful animals to large building kits, there is a set for every child...and all sets are compatible with each other! Build, play, imagine, create, and combine!

www.SmartMaxUSA.com

ATTRACT & REPEL

Opposite poles attract each other, identical poles repel. All bars in 'cold' colors can be combined with all bars in 'warm' colors. All other combinations repel.

BALLS

The SmartMax® balls are attracted by all magnetic bars, regardless of their color.

NORTH & SOUTH
Magnets have a magnetic north and south pole. Bars in cold colors (green, blue and lilac) have outward directed north poles. Bars in warm colors (red, orange, pink and yellow) have outward directed south poles.

CANNOT BE SWALLOWED

SUPER STURDY BARS

MAXIMUM DEVELOPMENT

SMARTMAX® STIMULATES

- Hand-eye coordination
- Logical thinking
- Color recognition
- Form recognition in 2D & 3D
- Playing together
- Counting
- Fantasy
- Creativity

GEOSMART™

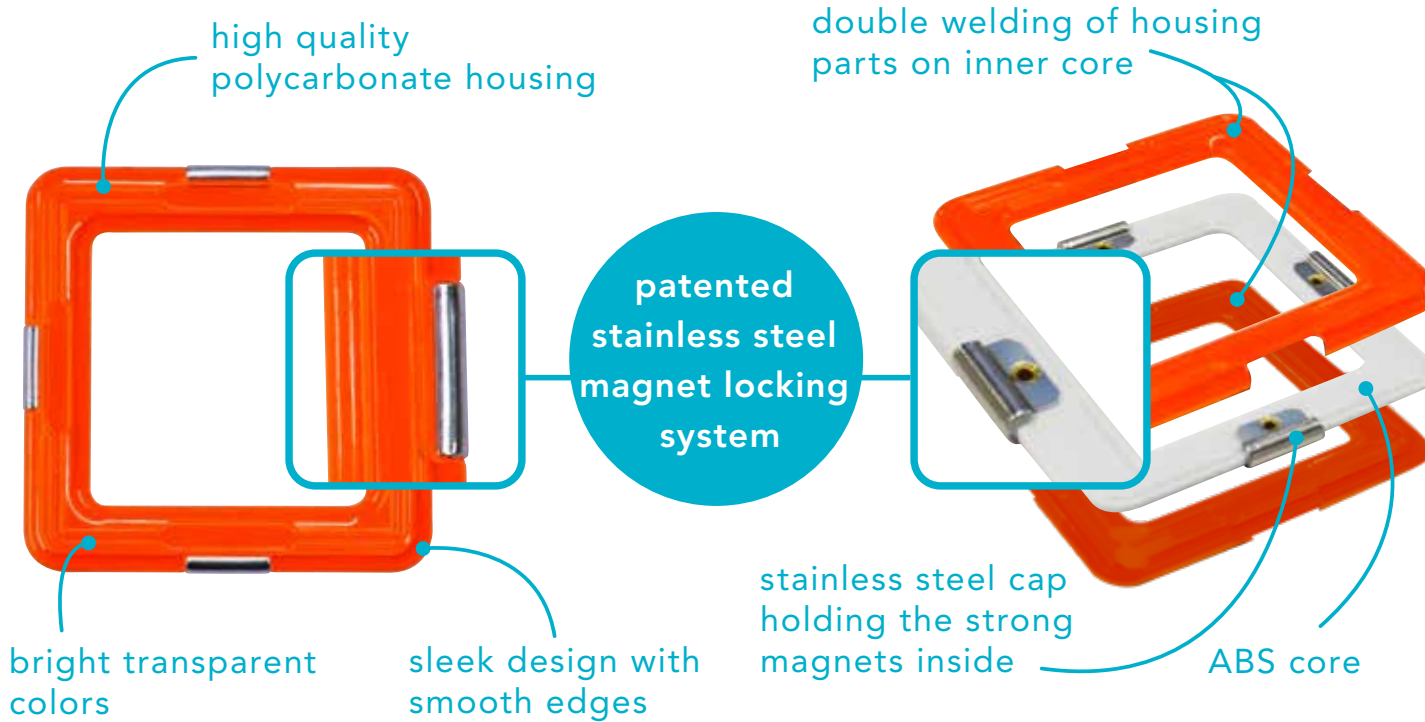

Magnetic construction toys suitable for kids as young as 3 years of age that introduce children in a fun manner to academic STEM fields like geometry, technology, and engineering. Its patented dual safety system makes GeoSmart safe for small kids and sturdy for decades of qualitative playtime. Wheels, lights, remote controllable parts and spinners add extra dimensions to your structures and make sure you can build an infinite amount of constructions.
